All around my hat

Faretheewell cold winter, and faretheewell cold frost Nothing have I gained, but my own true love I've lost I'll sing and I'll be merry when occasion I do see She's a false deluded young girl, let her go, farewell she

And all around my hat I will wear the green willow
And all around my hat, for a twelve month and a day
And if anyone should ask me the reason why I'm wearing it
It's all for my true love who's far far away

The other night she brought me a fine diamond ring But she thought to have deprived me of a far better thing But I being careful like lovers ought to be She's a false deluded young girl, let her go, farewell she

And all around my hat I will wear the green willow And all around my hat, for a twelve month and a day And if anyone should ask me the reason why I'm wearing it It's all for my true love who's far far away
